-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --  
**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Claim Objections*

1. Claim 1 is objected to because of the following informalities: in line 3 there is an extra "an". Appropriate correction is required.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Koenig (US 5,884,531).

Koenig discloses in combination a shifter housing assembly disposed within a passenger compartment of an automotive vehicle mounting a shift lever used to operate a vehicle drive unit with an operator cable and a cable connector integrated with a base housing included in said shifter housing assembly (col. 1 lines 8-42), said combination comprising: a generally cylindrical opening integrally defined in said base housing of said shifter housing assembly extending into a an interior space defined in said base housing (see Fig 3); a sleeve (38) having one end extending into said generally cylindrical opening and having a flange (36), said sleeve having said cable (10) secured to a protruding other end of said sleeve (see Fig 3); said sleeve having an elastomeric isolator (39) substantially enclosing said one end of said sleeve (see Fig 3), said isolator

received in said generally cylindrical opening and compressed against one or more surfaces defined therein (see Fig 3); said operating cable including a core wire (14) movable in an outer case (12), said outer case secured within said protruding end of said sleeve (see Fig 3), said core wire extending completely through an opening in said sleeve and said isolator having a reduced diameter (see Fig 3) to pass into said housing interior space (see Fig 3), a snap cap (33), said housing member has a partially spherical seat (34s), a swivel tube (18) and a slider rod (16).

### ***Response to Arguments***

Some further comments regarding the applicant's remarks are deemed appropriate.

The applicant argues that the Koenig reference fails to meet the limitations of the claims because it fails to disclose a shifter assembly base housing in combination with the cable and the cable connector. As recited above the fitting 34 of the Koenig reference is a housing member to be mounted on a support structure of an automobile in order to support the shifter assembly. Column 1 lines 8-42 of Koenig describes how the assembly is used specifically for transmission shift members in automobiles.

The applicant's remarks have been accorded due consideration, however, they are not deemed fully persuasive.

### ***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vicky A. Johnson whose telephone number is (571) 272-7106. The examiner can normally be reached on Monday-Friday (7:00a-3:30p).
